Are you looking for a plot for your new house in Prague 4 with a beautiful view? We offer an ideal building plot size of 753m2 in the sought-after location of Modřany. The place is slightly sloping to the west and offers not only privacy, but also a view over the valley towards the Vltava river.

In a quiet street with surrounding family homes, all necessary utilities are available. Local water supply, sewage, electricity, and gas are directly on the border of the plot. The area is equipped with all civic amenities - shops, schools, kindergartens, restaurants, bus, and tram transport.

Modřany is a very sought-after location due to its good accessibility to the city center while also offering peaceful living with plenty of greenery and opportunities for various sports and relaxation activities.
